

OBSERVATION PUBLIC WEB FORM

Smart and Easy Observation Reporting

BENEFITS FOR THE ENTIRE ORGANIZATION

Executives

Provides a comprehensive means of observation reporting across your organization.

IndustrySafe's Observation Public Web Form can be made accessible to all of your stakeholders via a simple web link. No login, username or password is required.

Safety Managers

Observation data is automatically transferred into IndustrySafe for detailed analysis.

IndustrySafe System Administrators can determine which questions to display on the form, so that your workforce can report simple or detailed observation findings.

Supervisors and Employees

Enables stakeholders to record observations without an IndustrySafe user account.

OBSERVATIONS PUBLIC WEB FORM FEATURES

Reports and Analysis

Build reports to track valuable behavior based safety metrics in conjunction with IndustrySafe's Observations module.

Multiple Checklists

Stakeholders can record their findings using multiple observation checklists.

Automatic Data Transfer

Data from completed observations is automatically transferred into IndustrySafe for detailed analysis.

Configurable Forms

System administrators can easily determine which questions and required fields will display on the form.
