

OBSERVATIONS

Record, track, and analyze observations

BENEFITS FOR THE ENTIRE ORGANIZATION

Executives

Provides a comprehensive view of behavioral-based safety activity across your organization.

IndustrySafe's Observations Module allows managers, supervisors, and employees to conduct observations on employees involved in safety critical behavior.

Safety Managers

Easily schedule employees for observation tasks.

IndustrySafe's easy-to-use observation form can be tailored to your company's needs and complemented with a variety of observation checklists.

Supervisors and Employees

Automatically receive alerts of upcoming or overdue observations.

OBSERVATIONS MODULE FEATURES

Reports and Analysis

Build reports to track valuable statistics including the percent of safe observations per month, and much more.

Customizable Checklists

Customize IndustrySafe's pre-built observation checklists, or build your own.

Observation Dashboards

View observation dashboard panels to visualize and track key observation safety measures.

Notifications

Automatically notify users of assigned, upcoming or overdue observations.
